#### H2173: ESCROW AGENTS; LEGAL TENDER

Legal tender in Arizona consists of legal tender authorized by Congress, specie coin issued by the U.S. government, and any other "specie" (defined as coin or bullion having gold or silver content) that a court of competent jurisdiction rules to be within the scope of state authority to make a legal tender. A person cannot compel another person to tender or accept specie legal tender, except as expressly provided by contract. The exchange of one form of legal tender for another does not give rise to liability for any type of tax. Legal tender is money and is not subject to taxation or regulation as property other than money. The Attorney General is required to enforce this legislation without prejudice to an individual's right of judicial action. Adds a new article to statute to authorizing licensed escrow agents to provide legal tender services, including exchanging money in one legal tender class for money in another legal tender class. In determining the amount of tax for specie legal tender, a taxpayer is required to use the most recent paper dollar London fixing price for the specie legal tender used by the purchaser. The Department of Revenue is required to prescribe by rule a method for determining the amount of tax due if the paper dollar London fixing price is not available for a particular day. Effective from and after 90 days after the 52nd Legislature, 2nd Regular Session adjourns sine die.
